- ♦ Environmentally friendly
- ♦ Non-toxic and non-corrosive

### Physical Properties

- |  |                  |
|--|------------------|
| ♦ Rubber Property-Effect of Liquids (ASTM D471)                                  | Passes all tests |
| ♦ Specification for In-Service Care of Insulating Gloves and Sleeves (ASTM F496) | Passes all tests |
| ♦ Flashpoint (ASTM D 93)   | No flash via TCC |
| ♦ Initial Boiling Point  | -212deg RIOCP C  |
| ♦ pH   | Neutral          |
| ♦ Cleaning Strength  | Excellent        |

## PRE-WASH WIPES & FIBREGLASS WAX AND BUFF KIT

**B-D72 & W-1**

### Boom Pre-wash Wipe or Canister

The pre-wash wipe is a cleaner-saturated towel that cleans grease, tar, creosote, salt spray, pine pitch, hydraulic fluid and road debris off fiberglass boom arms. The cleaner is water soluble and washes off during subsequent water rinsing. Boom pre-wash does not adversely affect the gel coat on the boom. Available in 2 towel sizes and two packages.

### Fibreglass Wax & Buff Kit & 16-oz Can

The Fibreglass Wax and Buff Kit contains a lint-free wipe saturated with a fast hazing fibreglass and a soft lint free towel for buffing the wax to a shine. This kit is suitable for use on non-conductive fibreglass booms and hotsticks.

Product #	Description	Units per Case
B-D72	72-count canister of 10"x12" saturated wipe	6 canisters/case
W-1	Fibreglass wax & buff kit	72 wipes/case
