

LED High Intensity Beacon

LED HIGH INTENSITY DIN POLE MOUNT BEACON — F32HIB

FEATURES

- ◆ LED High intensity beacon
- ◆ Multi-volt 10-30V DC input and low current draw
- ◆ 32 SMD LED's produce 28 watts
- ◆ 100,000 hour rated LED life span
- ◆ Maintenance free solid state technology
- ◆ Tough polycarbonate lens
- ◆ Weatherproof IP67 rated and vibration proof
- ◆ Available in amber, white, red, blue or green
- ◆ EMC, ECE R10 and SAE J845 class 1 approved
- ◆ 200X150mm Body

Original equipment quality revolving beacons combined with state-of-the-art LED technology. The Revolver LED beacons are at the forefront of automotive lighting technology, specifically designed and engineered to not only meet, but exceed Australian and international regulations. The high performance Revolver Series beacons are manufactured with LED's, (Light Emitting Diodes) rather than regular halogen or xenon strobe bulbs. These lamps are designed to be more efficient with a robust construction providing environmental sustainability with no maintenance required. The Revolver Series beacons are ideal for original equipment manufacturers and aftermarket retrofitting to on-highway, mining and industrial applications.
