### SK202 measuring pole

- ♦ The Model SK202 poles are available in 4,6,8 and 12m heights.
- ♦ Reading the height is easy with the In-built tape measure which the manufacturer call digital
- ♦ The Accuracy of the pole reading exceeds 1/2000
- ♦ Tilttable hook adapts to your required point of reference

SK202 model	No of sections	stored length	weight	location of tape measure housing
8 meter	8	1.42m	2 kg	top of first section

The 8m version is the most popular and is widely used by organisations like the Roads & Traffic Authority and the Police highway patrol for checking vehicle heights and overhead clearance.
