

SCS V2 Semi-Con Scoring Tool

SCS V2

SCS-C Clamp—Sold separately
Light-duty aluminum cable clamp
compatible with semi-con scoring
tools to ensure a square cut

Adjustable Cable Semi-Con Scoring Tool. Min. Cable OD 8mm, max cable OD 51mm, scale increment's 0.05mm, adjustable blade depth 0—4mm.

FEATURES

- ◆ Compact & user-friendly scoring tool scores semi-con on all medium voltage 5 to 35kV cables without damaging the insulation
- ◆ Accommodates cable diameters from 0.31" to 2.0" (8 to 51 mm)
- ◆ Capable of performing longitudinal, spiral & calibrated square cuts
- ◆ Precise blade depth adjustment provides accurate semi-con scoring
- ◆ Operates in a 2" (51 mm) envelope on larger cables
- ◆ Easy blade replacement
- ◆ Narrowed cable guide suitable for sheathed & jacketed 3 phase assemblies
- ◆ Allows for better control on highly bowed or curved cable
